

BRYANT

ESTATE

2019 GROWING SEASON

A cold and rainy spring caused substantial vegetative growth in vines; managing vigor took work but proved integral to achieving plant balance. 50% bud break occurred on April 3rd, and the median harvest date was October 9th. Through a steady summer and fall, fruit developed evenly. Such a growing season produced structured and vibrant wines.

2019 BRYANT FAMILY VINEYARD CABERNET SAUVIGNON

The Bryant Family Vineyard is a Cabernet Sauvignon grown on the 13-acre estate vineyard on Pritchard Hill. Harvest began on the property on September 30th and concluded on October 22nd. Aged in 80% new oak for 21 months, this pure and classic Cabernet Sauvignon is especially bright and energetic with refined tannin. 560 cases produced.

2019 DB4 RED WINE BLEND

DB4 is a Bordeaux blend compiled once final blends for BETTINA and Bryant are completed. The 2019 comprises 85% Cabernet Sauvignon, 9% Petit Verdot, 3% Cabernet Franc, and 3% Merlot. The vineyards for the wine include the Bryant Family Vineyard, Madrona, and Las Posadas. The wine was bottled after spending 20 months in 60% new oak. Given its softer tannins, DB4 is often enjoyed at a younger age than the BETTINA and the Bryant. 630 cases produced.
